

# Distribuție Energie Electrică România

## **Mrs. Mihaela Rodica Suci**

CEO

Distribuție Energie Electrică România

With over 20 years of experience in the energy system, Mrs. Mihaela Rodica Suci took over, this year, the position of General Manager of Distribuție Energie Electrică România, a company resulting from the fusion, on 01.01.2021, of the 3 distribution operators: SDEE Transilvania Nord, SDEE Transilvania Sud and SDEE Muntenia Nord.

A graduate of the Bucharest Polytechnic Institute, Faculty of Automatics, Mihaela Rodica Suci started her job at SDEE Transilvania Nord in 2013, as a senior specialist engineer and held middle and top management positions, including: Head of Control Service General, Head of Procurement Service, Director of Internal Audit Department, Deputy General Manager, Director of Network Development Division.

From the positions held, Mrs. Mihaela Rodica Suci successfully coordinated the company's activity, in her area of responsibility, focusing on the development of the teams of specialists she led, as well as on the modernization, development and expansion of the electricity network infrastructure in the 6 counties (SDEE Northern Transylvania), respectively, 18 counties (DEER).

The energy transition, by promoting and implementing innovative technologies and a modern infrastructure, which ensures the distribution of electricity at high quality standards, in conditions of safety, continuity, accessibility and sustainability, is the strategic objective assumed when taking over the company's management.
