

Robert CHIRCĂ

Exploration and Production Director- S.N.G.N. ROMGAZ S.A

Robert Stelian CHIRCĂ is an experienced oil and gas executive with over 20 years of leadership in exploration, production, and large-scale investment projects. He currently is Exploration and Production Director at S.N.G.N. ROMGAZ S.A. and is a Board Member of Romgaz Black Sea Limited where he drives operational performance, technical integrity, and regulatory compliance across critical upstream assets.

He has a strong track record in managing complex upstream operations, overseeing major capital projects, and leading large multidisciplinary teams.

Mr. Chircă has also held senior leadership roles at OMV Petrom, Mazarine Energy and J Christof E&P Services where he drove operational efficiency, production optimization, and compliance with international safety and regulatory standards.

He holds advanced degrees in Oil and Gas Management and Directional Drilling from the Petroleum-Gas University of Ploiești. He is recognized for his strategic mindset, operational discipline, and ability to deliver results in complex environments.
