

Maria BOLDOR

Managing Director of Horváth Romania - Partner of Horváth Group

Maria Boldor is the Managing Director of Horváth Romania and Partner within the Horváth Group, with over 19 years of international management consulting experience in strategic, organizational and digital transformation programs. She leads the Strategy & Transformation and Operations Competence Centers and works at regional level with various energy organizations, as well as retail & consumer goods companies to accelerate growth and resilience initiatives by shaping and executing strategy, optimizing organizational structures and business processes in a context of technological disruption and geopolitical fragmentation.

Her expertise spans procurement excellence and digital transformation, as well as contractor management, which are critical areas for asset-intensive organizations with complex operations.

At Horváth Group level, Maria is involved in people development initiatives, supporting leadership development and talent management, as well as assessing the implications of AI on the current consulting business model, structures and competencies.

Maria holds degrees in Business Administration and Law, as well as an MBA diploma. She has coordinated multicultural teams across Europe, and is fluent in German, English and Italian.
