Zoltan NAGY-BEGE

Energy Market Director- CIGA Energy Advisory

Zoltán Nagy-Bege is Energy Market Director at CIGA Energy Advisory (CEA), a Bucharest-based management and technical consultancy with a strong practice in the energy sector, spanning energy markets and regulatory policy.

He brings over 16 years of experience at the Romanian Energy Regulatory Authority (ANRE), where he held senior leadership positions including Vice President and Director of several key departments – Natural Gas Market, Energy Efficiency, Renewable Energy and Cogeneration, and Thermal Energy – as well as a non-executive role on the Regulatory Board.

Since joining Ciga Energy Advisory (part of RCI Holding), he has led the group's regulatory practice across a broad range of engagements spanning energy market design, grid connection advisory, BESS project development, compliance reporting, and transactional support for renewable energy developers and investors active in Romania and the wider CEE region.

He also holds an associate professor position at the Bucharest Academy of Economic Studies (ASE), where he teaches energy markets and energy sector regulation.
