

## **Madalina Grigorescu**

*Head of Sustainability Business Partner Refinery&Marketing, OMV Petrom*

Madalina Grigorescu is an experienced professional in sustainability, renewables compliance, and product management, with a strong background in engineering and the oil and gas industry.

Madalina graduated from the Faculty of Chemical Engineering at the University POLITEHNICA of Bucharest and holds a master's degree in engineering and informatics in Chemical and Biochemical Processes.

She began her professional career in 2015 at OMV Petrom, joining the Technical Development department within the Refinery&Marketing division.

She later moved to the Product Supply and Sales area, where she held roles focused on biofuels supply, compliance, and strategy, contributing to the development and coordination of OMV Petrom's biofuels activities and renewables compliance projects

Over the years, she has built solid expertise in biofuels, feedstock supply, sustainability topics, cross-functional coordination, contract management, and industry representation, while also contributing to initiatives linked to environmental targets and regulatory alignment.

Since 2024, she has a strong focus on carbon strategy, emissions reduction policies, and related projects.
